## Spotlight on DynamicZip Reports

### What is the DynamicZip Report Wizard?

As DynamicZip reports have become increasingly more flexible and powerful, the report options have increased, resulting in a more complex setup. To make it simple for you to generate the reports you desire, there's the DynamicZip Report Wizard.

The report wizard will create new report options for you based on the criteria you specify. Alternately, you can simply specify which state's sales tax return you are working on and the wizard will generate a report option to assist in the return's preparation.

The DynamicZip Report Wizard includes predefined reports for all states with a sales tax and Alaska. Even though Alaska doesn't have a sales tax, many cities do. There are sample state reports available for you to view and/or [download](#).
