An eye on the future. Solutions for today.

You're Invited to Attend Our Sales Tax Returns Online Webinar

Filing monthly and quarterly sales/use tax returns can be so time consuming! But included in your DynamicZip application are reports specifically designed to work with CorpSystem Sales Tax Returns Online from CCH. With Sales Tax Returns Online, what used to take days now can be done in a matter of minutes.

CorpSystem Sales Tax Returns Online is a web-based solution that minimizes the time it takes to prepare sales tax returns by automatically populating end-of-month liability data from your Microsoft Dynamics GP system into the appropriate returns. With it, you can review, edit, print and audit signature-ready returns and download Detail Filing Reports to streamline your check request process. E-payment options are also supported.

We invite you to take a look at this time saving service! KampData & CCH will co-host two webinars:

- Thursday, September 4th at 11 am EDT (8 am PDT)
- Friday, September 5th at 2 pm EDT (11 am PDT)

To register, email Jeannie at: jeannie@kampdata.com

Enjoy the convenience of a hosted solution while you maintain the same control you have using your own proprietary software.

Looking forward to "seeing" you at the webinar!
