## DynamicZip Build 72 Release

### Announcing our newest release of **DynamicZip**

Here at Kamp-Data we have been working very hard for quite some time to bring you the most ambitious Build of **DynamicZip** ever! It has been a very long time coming we know!! We hope you will love the changes we have made based entirely on the desires of our end users. Thank you so very much for your feedback!

- Multiple enhancements made to our already powerful reports
- Improved and optimized the import of the tax rates
- Full compatibility with US Postal Service city names
- Enhancements to Tax Schedule Selection
- Multiple enhancements to managing Item & Customer Taxability

Click this link for a complete list of all the [modifications](#) included in this build

Visit our [Web site](#) for more information or [download](#) now and enjoy *all* the dynamic [features](#) in DynamicZip!

---

**PLEASE NOTE:** If you are using the KampData Tax Engine, you should **NOT** upgrade to DynamicZip Build 72 until we release version 2 of the KampData Tax Engine. Version 1.x of the KampData Tax Engine is not compatible with DynamicZip Build 72.
